Dear AquaKids® Parents,

Welcome to the Waterbaby and Watertot swim program at AquaKids®! It is our desire to provide you with the best aquatic instruction available. The skills your child learns will allow him/her to develop a life-long love for the water. Please be aware of the following policies regarding all Waterbaby and Watertot classes at AquaKids®.

- **All children in the Waterbaby and Watertot program must wear a cloth, NON DISPOSABLE, swim diaper.** Disposable diapers may not retain solid waste should your child have an accident in the pool. Regardless of whether your baby is potty trained, all children under the age of three must wear a cloth swim diaper.
- All children over the age of three who are not potty trained must also wear a cloth swim diaper. This policy is to insure that we are able to maintain proper chemical levels in the pool.
- Please do not bring your child to class if they are sick or have had a fever in the past 24 hours. Please call us in advance if you are aware that you will be missing your swim class for the day to allow us to fill your spot.
- Please refrain from feeding your child thirty minutes prior to class. This will keep the babies from throwing up food because their stomach is too full. You can bring a snack for them to eat once class is over or you may purchase one from the front desk.
- All diapers must be disposed of properly. Please put used diapers in the trash cans located under the changing area.
- Please use the changing area for your changing needs and do not allow your child to run around naked. Do not change your child in the observation room or pool area out of respect for all of our families at AquaKids®
- If at any time you have a question or concern about the program, feel free to talk to the manager on duty. They will be able to assist you with your concerns and better explain our program and class goals.

Sincerely,
The AquaKids® staff.

I acknowledge that I have read and understand the AquaKids® policies stated above.
